

CURRICULUM VITAE

ASOGWA CAROLINE NGOZI

Nnamdi Azikiwe Library, University of Nigeria, Nsukka

Phone: +234 7034405892, +234 8069034525

E-mail: caroline.asogwa@unn.edu.ng;
mrcsnasogwa@gmail.com;
carol_asogwa@yahoo.com

Website: <http://www.unn.edu.ng>

Sex: Female

State: Enugu

Nationality: Nigerian

Date of Birth/Place: 25th February, 1964/Nsukka

Marital Status: Married

Permanent Home Address: No 6a Aku Road, Nsukka

Status: Chief Systems Programmer

Objective

To fully apply my ICT skills in providing the best e-library services for teaching, learning and research to the university community.

Educational Institutions Attended, Qualifications Obtained With Dates

| | | | |
|-------------------------------|--|----------------|---------|
| University of Nigeria, Nsukka | Diploma in Statistics and Computer Application | Distinction | 1993 |
| University of Nigeria, Nsukka | B. Sc. (Computer Science/Statistics) | 2 ¹ | 1998 |
| University of Nigeria, Nsukka | M. Sc (Computer Science) | | 2008 |
| University of Nigeria, Nsukka | Ph.D. (Computer Science) | | In view |

Work Experience

- Trainee Programmer at Omnidata Ltd - 1992
- Instructor UNN Staff ICT Capacity Building Program 2006 -2008
- Proficient in configuring and deploying e-library software
- Proficient in **Database Development** with Mysql,
- Proficient in **deploying server technology such as MS Server** 2008
- Practical Skills in **Web App.** using XHTML, PHP, Java, Javascript, MATLAB
- Proficient in **Computer Maintenance/Repairs**
- A quick learner, creative and innovative with good analytical skills.

Job Schedule at Nnamdi Azikiwe Library, UNN

- (a) Systems Installation (Hardware and Software) and /Maintenance
- (b) Development/management and configuration of library software
- (c) Training of Library Staff and IT students
- (e) Website Designing and Database Administration

Brief biography

Asogwa Caroline Ngozi, a Chief Systems Programmer who works in Nnamdi Azikiwe Library, University of Nigeria Nsukka is equally attached to Computer Science Department Ph.D Student. She obtained her first degree in Computer Science and Statistics (**with Second Class Honors, Upper Division**) in 1998; a Master's degree in 2008 and Ph.D in view. She has two (5) publications to her credit.

Areas of Interest/Summary of Expertise

Main research interest is Software Development with major research focus on Information Personalisation using Artificial Neural Networks

Current research interests are Information overload problems and solutions, Information Personalization, Information Filtering, Information Retrieval, User Modelling techniques and Artificial Neural Networks

Membership in Professional Organizations

1. Member, Computer Professionals Registration Council of Nigeria (CPN)
2. Member, Computer Society of Nigeria (NCS)

Current research and publications

A. Chapters in Books

1. **Alice M. Okore, Caroline N. Asogwa and Helen Eke** (2009) Online Resources and Web Research, *The Use of the Library and Study Skills* ed. by Omekwu, Charles O., Okoye M. O. and Ezeani, C .N.pp105-117

B. Journal Publications

2. Inyama, H and Asogwa Caroline Ngozi (2011): Evolution of Digital Libraries in Nigeria: Problems and Prospects. *The IUP Journal of Information Technology*. Vol.VII (4) Pp 18 – 30.
3. Modesta. E. Ezema; Chidera C. Ezema and Caroline Ngozi Asogwa (2015). An Assessment of Computer Based Transactions in Nigeria. *International Journal of Computer Science Issues* . Vol 12 , Issue 5. Paper no IJCSI-2015-12-5-10812.
4. Chikodili H. Ugwuishiwu¹, Mathew C. Okoronkwo and Caroline N. Asogwa (2017).Performance evaluation of law enforcement agency on crime information management using queuing network model. *International Journal of Physical Sciences*, February

C. Unpublished Thesis

1. Caroline Ngozi Asogwa (2008). Virtual Library Development. Unpublished M. Sc. Thesis Submitted to the Dept of Computer Science, University of Nigeria, Nsukka

Paper Presented at International Conference

1. Caroline Ngozi Asogwa and Chikodili Ugwuishiwu (2016). Building Institutional Repository in Academic Digital Libraries: Requirements and Implementation Issues. Paper presented at South Africa International Conference on Educational Technologies (SAICET) 24th – 26th April 2016

Workshops Attended

1. Training on Managing University Libraries for Online Education, held at Galilee International Management Institute, Israel, from 12th to 27th November, 2013

2. Workshop on Institutional Repository held at Association of Vice Chancellors Secretariat, Abuja, Nigeria, Jan 2013
3. Workshop on Access to Free Resources in Library and Information Services Provision held at Kogi Hotels, 15 to 18 December, 2008
4. Workshop on Creating State-of-the-Arts Digital Libraries With Greenstone Software held at University of Jos, 7th to 9th April, 2008
5. Train-the-Trainers Workshop on Course Management and e-learning (using MOODLE) for Special e-learning Drivers Team, November, 2008
6. Train-the-Trainers Workshop on SPSS held at Computing Center, University of Nigeria, Nsukka, 10th – 12th October 2007
7. Train –the Trainers Workshop on e-learning with Specialization on KEWL.nextGen, July 31-August 4 2006 held at University of Nigeria, Nsukka
8. Workshop on ICT application to Library and Information Centers held at University of Ibadan 27 – 31 July, 1997
9. Train-the-Trainers Workshop held at Communications Center, UNN in August, 2007

Extra Curricula Activities: Reading and Listening to Music

Referees

1. Prof. Charles O. Omekwu, Dept of Library and Information Sciences, University of Nigeria, Nsukka 0806730069, charles.omekwu@unn.edu.ng
2. Dr Tobias Ejiofor Ugah, Dept of Statistics, University of Nigeria, Nsukka 07034769981, tobias.ugah@unn.edu.ng
3. Prof A. Ubachukwu, Ag. Dean, School of Postgraduate Studies, University of Nigeria, Nsukka and Former Head of Department, Computer Science Dept , University of Nigeria, Nsukka 08037734303, augustine.ubachukwu@unn.edu.ng
